

Why join Amneal?

[MUSIC PLAYING]

This company runs on integrity,
and our main focus is to produce the highest quality drug that we can for our patients,
and if that's something that you want to be a part of, I'd say come join Amneal.

Amneal is an excellent growing company.

I truly feel like it provides a great work environment.

We're a family.

We help each other and we care for each other.

I kinda struggled with getting through college and exactly what I wanted to do,
and I think kids also need to know that there's companies out here like Amneal
where you can come and start right after high school

work hard and move through the ranks and have a great career here.

If I had to recommend Amneal to someone I would 100% recommend it.

It's a fun place to work.

It's a family and I love it here.
