

Amneal Parkinson's Walk

It is great to be out today in Central Park participating in the Parkinson's block. Team Amneal is here in full force.

I think there are about 100 people that are related to Amneal that are involved in this walk today. So, this is a very special opportunity for all of us to get involved.

One of the most important purposes of being here is to make a difference in patient's life.

Amazing to see all these people out here supporting those of us with Parkinson's, wonderful group with Amneal, it's inspiring to be around other people and to see that we all have common parts in finding a cure for it.
